Are you a kinship carer?

What is a kinship carer?
People bringing up children of their extended family or friends because they are unable to look after the children themselves

A group of carers are looking for kinship carers to come and share their experiences so we can find out what services and information you need. Your story will help us change things for the better. All information will be confidential and anonymous.

Is your family affected by drugs and alcohol?
Do you or anyone you know care for a child because of this?
Do you live in Gateshead or South Tyneside?

If you have answered yes to all of these questions

We want to hear your story?
